# Experiment No : 9

Title: Demonstrate automated testing using TestNG framework.
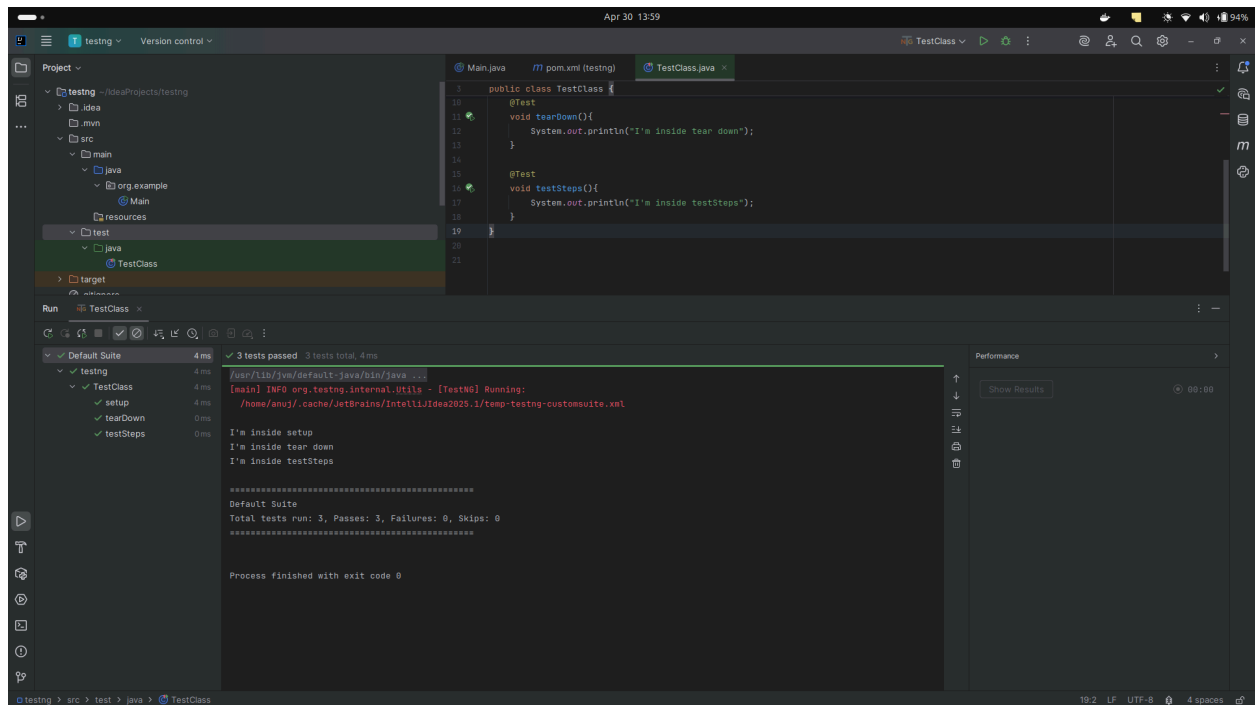

Objective: To perform automated testing using the TestNG framework .

Steps 1) :
Added TestNG as a jar dependency.

2) Writing Test cases :

3) Test results :

```
                            ✓ 3 tests passed   3 tests total, 4 ms
✓ Default Suite      4 ms
  ✓ ✓ testng          4 ms   /usr/lib/jvm/default-java/bin/java ...
    ✓ ✓ TestClass     4 ms   [main] INFO org.testng.internal.Utils - [TestNG] Running:
      ✓ setup         4 ms     /home/anuj/.cache/JetBrains/IntelliJIdea2025.1/temp-testng-customsuite.xml
      ✓ tearDown      0 ms
      ✓ testSteps     0 ms   I'm inside setup
                            I'm inside tear down
                            I'm inside testSteps

                            ===============================================
                            Default Suite
                            Total tests run: 3, Passes: 3, Failures: 0, Skips: 0
                            ===============================================

                            Process finished with exit code 0
```
